EPOD

OUR GOAL: One unified e-learning
platform for NGOs in Myanmar.

*(E-learning Platform Optimised for
Developing countries)*

EPOD WILL OFFER:

- a place to get access to quality content in the right context and language.
- a student App optimized for developing countries.
- a marketplace where NGOs can share it's content.

EPOD – FOCUS 1: COURSE DISTRIBUTION

Smart downloading of content

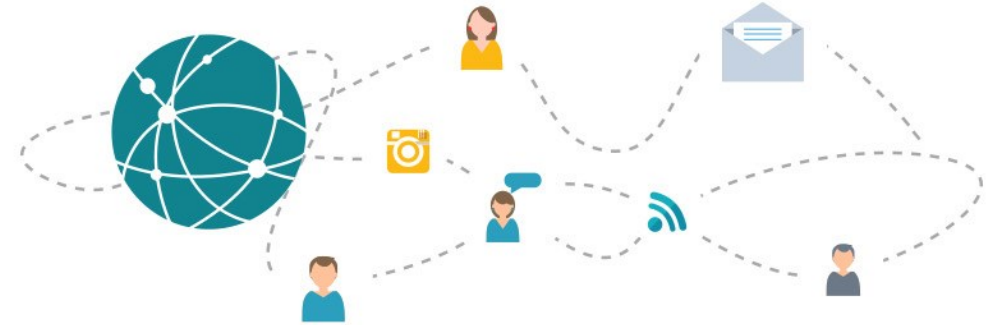

User-friendly off-line functionality and

Peer to peer downloading of content,
typically from the teachers' phone
to the students' phones.

EPOD - FOCUS 2: Student administration and following up

Follow up on students during the course, after course is completed.

Technical and commercial solutions where students do not pay for data usage, themselves.

FOCUS 3: E-COMMERCE

-  An e-commerce solution for payment of single students, classes or communities.
-  A “Marketplace” for sharing content between NGOs and other content owners.
-  A back-end fiscal solution to distribute revenue to content owners (NGOs)
